

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use.

## WEST BERLIN

W. A. Cooper, Veteran of Civil War, Died Jan. 27.

William Allen Cooper died on Jan. 27 at his home at West Berlin, after a brief illness. Mr. Cooper was born at Worcester, June 21, 1839. In 1859 he went to Lowell, Mass., where he was employed as a machinist for about three years. On Thanksgiving day, 1860, he married Lizzie L. Hancock of his native village. He enlisted for the war in 1862 and held a second lieutenant's commission in the 13th Vermont volunteers.

Shortly after the close of the war, he took his wife and young son, Leslie Allen, to St. Albans. The family there resided for 18 years, removing to Holyoke, Mass., when the second son, Edward Aaron, was six years of age. Two years later they moved to Springfield, where Mr. Cooper was employed in the Boston & Albany shops, and then for four years served as secretary to the railroad Y. M. C. A. Nineteen years ago he returned to Vermont to reside at West Berlin.

His wife and one son, E. A. Cooper, survive him. Other members of the immediate family still living are his sister, Mrs. McAllister of West Berlin, Mrs. Charles Hoyt of Revere, Mass., and Mrs. Laura Buswell of Montpelier. Mr. Cooper was an active churchman and from boyhood was identified with the Methodist church, to which he gave most devoted service. He was a member of Brooks post, G. A. R., and delighted in its patriotic exercises. In politics he was a Republican, but always a prohibitionist.

His death will be keenly felt in his family, the church has lost one of its most beloved Christian workers, and his friends in Montpelier will miss his frequent visits there.

C. A. Patterson was in Montpelier one day last week.

John Coburn has been quite poorly for some time.

Mrs. Sarah Davis went to Northfield last week to be with her children.

Mrs. L. D. Taft of Montpelier spent last Friday at the home of Mr. and Mrs. E. D. Glynn.

Mrs. A. H. Cole was in Northfield one day last week.

George Streeter was in Montpelier last week.

Mrs. Orrin Kimball and daughter, Addie, visited in Montpelier last Friday.

Miss Clara Davis was taken to Heaton hospital last week. She is reported as quite comfortable.

## Easy Way to Get Rid of Itching

Don't worry any more about that itching skin-trouble. Just get a jar of resinol ointment and a cake of resinol soap at any drug store. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

## Choosing Your Shampoo Soap

If you select a soap that contains soothing, healing properties like the resinol balsams in resinol soap, you are not likely to have trouble with dandruff, loss of hair or itching scalp. Ideal for the youngsters' heads.

first prize among the boys with "College Oil Cans." The judges were the Misses Allingham, Sumnerville and Brown of Montpelier seminary. There was a chorus by the girls and several solos by pupils, also a male quartet. A social hour after the exercises was enjoyed by all.

Dennis Johnson is ill with the grip.

Supt. W. B. Lance of Cabot was in town to attend the prize speaking.

Mrs. Lenwood Hurd and two children of Averill, Mass., are spending the winter at A. F. Hurd's farm.

George St. Amos of Colchester is spending a few days at Clarence Howison's.

There will be a valentine social and supper held at the town hall Feb. 14. Everybody come.

## GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur with It to Restore Color, Gloss, Youthfulness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrous. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the sage tea and sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe, improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrous.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

## EAST BARRE

Anniversary of Burns' Birth Occasion of Pleasant Gathering.

Last Friday night, a number of people here met to celebrate the birth of Burns, the great Scottish poet. Alfred Lawson was the chairman of the evening and after passing a few well-chosen remarks on the great poet, the company joined in singing: "There Was a Lad Was Born in Kyle." Then the program of the evening was begun by a piano solo by Mrs. H. Gulliver; song, Misses Lawson; recitation, Alice Salter and Bella Lawson; piano duet, Mr. and Mrs. Snow; two songs, Miss Stephens of Barre; two Scotch recitations, George Lawson; violin solo, Mr. Cooper of Barre; song, Alex. Cameron; song, William Brown; song, Mr. and Mrs. Wilson; two songs, Mrs. Snow; two songs, Paul Snow; song, George Lawson; song, Mr. and Mrs. H. Gulliver; song, William Elliott; Scotch recitation, John Donald; song, John Gulliver. Around 10 o'clock a bountiful supper was served by Mrs. Hero, Mrs. Salter and Mrs. Lawson, consisting of sandwiches, cake, scones and coffee, also fruit. Everyone seemed to enjoy the supper. Upstairs, the floor masters, J. Wilson and J. Salter, kept the floor well filled with dancers until 2 o'clock, when tea and cake were served, and the musicians did not get time to rest their fingers till everything was over at the wee sma' oor, 4 o'clock, when the company joined and sang "Auld Lang Syne." Everyone left more than delighted with the good time they had had.

Brief Sketch of East Barre W. C. T. U. Library.

The Loyal Banner W. C. T. U. was organized in East Barre Sept. 18, 1900, and before the close of the year 11 members were enrolled. Since then the membership has increased and again decreased, as its members have moved away or "grown weary in well doing," until at present there are only 10 members in good standing, but there are new ones to come and those already members are not discouraged.

The work, while never aggressive, has been one of progress, with the intention of being a help to someone by the way. The union has for many years past endeavored to supply many of the quarries at Westerville with emergency boxes and has tried to keep them in the stone-sheds here. Its members have used their influence on the side of temperance in the issues of the day as far as possible by the distribution of literature, posters and by having lectures when speakers could be procured.

Funds have been raised for the work, aside from the regular dues, in the various ways known to all who are brought to face life necessities, viz., suppers, sales, socials, etc.

In May, 1910, the little company of members took under consideration that which seemed to them to be a need in East Barre, namely, the procuring of a nucleus of a library, so they started by accepting some books which had been used as a Baptist Sunday school library and a few from a literary circle, which had been organized here, but had disbanded, and also a small contribution of money from the same source. Later the proceeds of a play given by the dramatic company was given and a gift of 50 books was made by D. M. Frye of Somerville, Mass. At the same time use was being had of books from the traveling library of Vermont.

A subscription paper was circulated to procure a bookcase for use, but the fire district of East Barre, who had kindly painted the inside of the upper part of their hose house and given the use of the same, again came to the assistance of the union by building two fine bookcases in the room. Here the books have been kept and the room has been open to the public between the hours of 6 and 9 nearly every Saturday night for over six years. The only fee has been a charge of five cents per week for books kept out more than two weeks.

In September, 1916, there was opened to the W. C. T. U. an opportunity to procure a home for the future by the purchase of a building centrally located. To do this it was necessary again to resort to public subscription and papers were circulated, which were very generously signed both here and in Barre City, in Barre Town and Washington, with the result that in two weeks the deed was taken in trust, with the expectation that in the not very distant future a library association may be formed, which shall be of lasting benefit to the place and the people, long after the original promoters have passed on.

The organization is still working and has lately made an addition of 25 new books. There are now between 450 and 500 books, with about 45 and 50 and sometimes up to 65, loaned each open night. One hundred and twenty-five names are on the list as readers, and with the coming of winter more are expected.

Nov. 24 a chicken-pie supper was served for the firemen's annual dance, which netted \$23, and on the evening of Dec. 8 a banquet was served for the district meeting of the I. O. R. M., from which the ladies received a little over \$44. As is customary at these meetings, a collection was taken at the tables for the waitresses, which in this instance was between \$12 and \$14. This was very generously donated by the young people to the fund for the reading-room.

There is great need of more interest and help, as there always is in any good work. Many thanks are extended by the members of the union to all who have helped the library to become so well established, with prospects of a lasting future.

## GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil, and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use, when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.—Adv.

## Power--Service

5 The Middlesex Plant

This is a water-power development on the Winooski River at Middlesex, which, when taken over by the Tenney Management, delivered about 1,350 horse-power.

A thorough study by our engineers of operating conditions at this plant showed that its capacity could be materially increased by reconstructing the switching and electrical control equipment. This was done, resulting in increasing the output to 1650 horse-power, a gain of over 22%.

Secondly, changes were made in the transformers, so that this plant could be operated in parallel with our other plants, making possible a much more flexible and efficient operation of the entire generating and distributing system.

Thus another constructive step was taken to insure to the industries of this territory an adequate and reliable supply of electric power.
